

Technical data sheet 4401

Specification Swivel chair 3h, low

Dimensions in mm	Backrest:	H:	490-570
		Seat:	H: 410-520
		W:	450
		D:	415
	Total:	H:	910
		W (no ArmR)	460
W (ArmR):		595/715	
D:		630	
Packaging data	Weight:	kg	14
	Volume:	m³	0,16

Basic equipment

Benefit

Backrest	Low, height adjustable. Shaped foam backrest with an individual design. 3D- backrest carrier and a foam density of 50 gr/dm³.	The backrest offers an optimum of support because of its 3-dimensional shaped backrest carrier. The backrest doesn't give way, like other standard foam parts. The high density of the foam ensures a long sitting comfort even if you sit more than three hours. The design elements give the chair a very elegant effect.
Seat	Shaped foam seat hollow and a density of 50 gr/dm³.	Better seating comfort for longer sitting term, as the higher density of the foam avoids to wear out the foam.
Column	Gas lift with steel case and 110 mm lifting capacity.	Seat height setting to adapt the seat height to the different body sizes. Seat height setting from 405 to 520 mm.
Mechanism	Permanent contact. The backrest follows the movement of the back permanently, and ensures a steady support, the backrest can be stepless adjusted.	The back has a constant support and the stomach part is relieved. Consequently this avoids to be tensed up and the upright seating position is being supported. At the same time a homogene pressure distribution in the vertebra is achieved.
Backrest height adjustment	"Up and down system" in the height adjustment of the backrest. The backrest is height adjustable by an automatic notch system.	The point of support can be adapted individually to the user, this ensures an optimum support of the back part and encourages the upright sitting. The blood can circulate, the interior organs can work fluently, and the spinal column has a homogene pressure distribution.
Base	Plastic base, Ø 640 mm, black	Very stable.
Castors	Double castors, hard.	For soft floors
Fabric covers	Hard-wearing fabric, 100 % polyester. Abrasion resistance, 30.000 cycles, 230 g/rm.	
Warranty	3 years exchange warranty.
