

## MaxiFlex® Endurance™

Designed and developed as a breathable glove, MaxiFlex® Endurance™ incorporates raised micro dots to increase durability and offer more cushioning in highly repetitive applications requiring precision handling. Available in 8 sizes and 4 dip lines MaxiFlex® Endurance™ offers you 48 gloves to get that perfect fit for the job you do.

## AirTech® technology platform

**360° breathability** - patented micro-foam nitrile coating offers 360° breathability, making it the most breathable glove on the market today.

## ErgoTech® technology platform

**25% thinner** - than most foam nitrile gloves on the market whilst offering twice the mechanical performance.

**Form, fit and feel** - mimics the "hand at rest", reducing hand fatigue and increasing comfort.

**Latest knitting technology** - utilized to produce smooth and rounded fingertips, improving fingertip sensitivity.

**Consistent liner penetration** - from the nitrile, leaving only the soft liner resting against the skin.

## GripTech® technology platform

**Optimized grip** delivered through our micro-cup finish, allows for a controlled grip.

## Hand Care® technology platform

All ingredients used in the manufacturing and construction of this product are compliant with the **REACH** legislation.

This glove has been laundered prior to final packaging making it **clean and safe** for use.

The **Oeko-Tex® Association** has evaluated and certified this product as skin safe from the second it comes into contact with the skin.

The **Skin Health Alliance** has awarded professional dermatological accreditation following review of the scientific dossier behind this product. View [www.skinhealthalliance.org](http://www.skinhealthalliance.org).
