

Expert LED Lantern

GRDLA6S

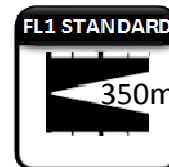

Featuring a strong spot light with a halo flood, the Energizer® Expert Lantern projects up to 350 meters, making it an ideal light for a wide range of industrial applications. The head pivots 140° and allows users to direct the light precisely where needed. It is easy to use, with a push button switch on the handle and a detachable carrying strap. With energy-efficient LED technology, the Expert Lantern also has an impressive 80 hour runtime (with an Energizer® alkaline 6V battery).
