Safety Data Sheet

Yellow Print Cartridge PN: C792A1YG

1 . Identification of the material and supplier

Names

Description of the product type :	Part number :
C792, X792 Return Program Print Cartridge, Yellow.	C792A1YG
C792, X792 Print Cartridge, Yellow.	
C792 High Yield Print Cartridge, Yellow.	C792A2YG
C792 Extra High Yield Return Program Print Cartridge, Yellow.	C792X1YG
X792 Extra High Yield Return Program Print Cartridge , Yellow.	C792X2YG
X792 Extra High Yield Print Cartridge , Yellow.	X792X1YG
X792 Extra High Yield Return Program TAA/GSA Print Cartridge , Yellow.	X792X2YG
CS796 Extra High Yield Return Program Print Cartridge (BCD), Yellow.	X792X4YG
XS796 Extra High Yield Return Program Print Cartridge, Yellow.	24B4493*
* CS796	24B5398**
** XS796 Only	

For actual printer/cartridge compatibility please reference www.lexmark.com

Application : **Laser PrinterC792, X792, CS796, XS796**

ADG : Not regulated.

Supplier/Manufacturer : **Lexmark International (Australia) Pty Limited**
13b Narabang Way
Belrose
NSW 2085
Information: 1300 362 192 (Customer Care center - regular business hours)

e-mail address of person responsible for this SDS : **caldwell@lexmark.com**

Emergency telephone number (24/7) : **Australian Poisons Information Centre**
24 hour Phone Number: 13 11 26

New Zealand National Poisons Centre:
Otago medical School, Dunedin
24 hour Poisons Advice
0800 POISON / 0800 764 7656

2 . Hazards identification

Classification : Not regulated. (Article)

Risk phrases : Not applicable.

Safety phrases : Keep out of the reach of children.

Statement of hazardous/dangerous nature : NON-HAZARDOUS SUBSTANCE. NON-DANGEROUS GOODS.

3 . Composition/information on ingredients

Mixture : Yes.

Other ingredients, determined not to be hazardous according to Safe Work Australia criteria, and not dangerous according to the ADG Code, make up the product concentration to 100%.

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

4 . First-aid measures

Inhalation : If symptoms, such as shortness of breath or persistent coughing are experienced, remove source of contamination and move individual to fresh air. If symptoms persist, seek medical attention.

Ingestion : Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

Skin contact : Do not rub eyes. Flush immediately with plenty of water. Remove contact lenses and continue flushing for at least 15 minutes. If irritation develops and persists, seek medical attention.

Eye contact : Wash with soap and water. Should irritation occur, seek medical attention.

Protection of first-aiders : No action shall be taken involving any personal risk or without suitable training.

Advice to doctor : In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.

5 . Fire-fighting measures

Extinguishing media

Suitable : Carbon dioxide, water spray or fog, dry chemical or foam.

Not suitable : None known.

Special exposure hazards : Like many finely divided materials, toner dust, in high concentrations can form an explosive mixture in air which, if ignited, could result in a dust explosion.

Hazardous thermal decomposition products : Carbon monoxide, carbon dioxide, unidentified organics.

Special protective equipment for fire-fighters : Fire fighters should wear full protective clothing, including self-contained breathing apparatus.

6 . Accidental release measures

Personal precautions : None required for intended use in printer.

Environmental precautions : Disposal should be in accordance with applicable regional, national and local laws and regulations.

Methods for cleaning up

Small spill : If a dust cloud is possible due to a spill, remove all sources of ignition such as open sparks, flames, or static discharge to prevent the ignition of the dust. Minimize dust generation during clean up. Sweep up spill with non-metallic broom and dustpan. Contain for disposal. Oil permeated sweeping compound may be useful in cleaning up spills.

Large spill : Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labelled waste container. Dispose of via a licensed waste disposal contractor. Note: see section 1 for emergency contact information and section 13 for waste disposal.

7 . Handling and storage

Handling : Avoid generating dust. To avoid damage to cartridge and accidental contact with toner, keep out of reach of children.

Storage : Store in a cool, dry place. Store away from oxidizing material.

8 . Exposure controls/personal protection

Occupational exposure limits : **No exposure standard allocated.**

Exposure limit values : Toner dust is a particulate not otherwise classified (PNOC) or regulated (PNOR).

Recommended monitoring procedures : If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment.

Engineering measures : Not required. Use only in well-ventilated areas.

8 . Exposure controls/personal protection

Hygiene measures : Wash hands, forearms and face thoroughly after handling compounds and before eating, smoking and using the lavatory and at the end of the day. Follow good industrial hygiene practice.

Eyes : None required for intended use in printer.

Hands : None required for intended use in printer.

Respiratory : None required for intended use in printer.

Skin : None required for intended use in printer.

Not required. Use in a well-ventilated area.

9 . Physical and chemical properties

Physical state : Solid. [Toner Cartridge]

Colour : Yellow.

Odour : Faint odour. (Plastic.)

Melting point : Not determined.

Relative density : Not determined.

Flash point : Solid, not applicable

Flammable limits : Not determined.

10 . Stability and reactivity

Chemical stability : The product is stable.

Possibility of hazardous reactions : Under normal conditions of storage and use, hazardous reactions will not occur.

Conditions to avoid : Keep away from heat, flame, sparks and other ignition sources.

Materials to avoid : No specific data.

Hazardous decomposition products : Carbon monoxide, carbon dioxide, unidentified organics.

11 . Toxicological information

Potential acute health effects

Inhalation : Exposure to decomposition products may cause a health hazard. Serious effects may be delayed following exposure.

Ingestion : Low acute oral toxicity. Exposure not probable with intended use.

Skin contact : No known significant effects or critical hazards.

Eye contact : No known significant effects or critical hazards.

Potential chronic health effects

Chronic effects : No known significant effects or critical hazards.

Carcinogenicity : No known significant effects or critical hazards.

Mutagenicity : No known significant effects or critical hazards.

Teratogenicity : No known significant effects or critical hazards.

Developmental effects : No known significant effects or critical hazards.

Fertility effects : No known significant effects or critical hazards.

Over-exposure signs/symptoms

Inhalation : No specific data.

Ingestion : No specific data.

Skin : No specific data.

Eyes : No specific data.

Other adverse symptoms : Exposure to high airborne dust concentrations, including toner, may aggravate existing respiratory conditions.

12 . Ecological information

Environmental effects : No known significant effects or critical hazards.

Other ecological information

Other adverse effects : No known significant effects or critical hazards.

13 . Disposal considerations

Methods of disposal : Non-hazardous waste . Disposal should be in accordance with applicable regional, national and local laws and regulations.

14 . Transport information

International transport regulations

ADG / IMDG / IATA Classes : Not regulated.

15 . Regulatory information

Standard for the Uniform Scheduling of Drugs and Poisons

Not regulated.

Control of Scheduled Carcinogenic Substances

Schedule

No listed substance

International regulations lists

TSCA (USA) (United States) : All ingredients are listed on the Toxic Substances Control Act (TSCA) inventory, have been registered, or are exempt.

ENCS (Japan) : All ingredients are listed on the Japanese Existing and New Chemical Substances (ENCS) list, have been registered, or are exempt.

AICS (Australia) : All ingredients are listed in Australian Inventory of Chemical Substances (AICS), have been registered, or are exempt.

Philippines inventory (PICCS) : All ingredients are listed on the Philippines Inventory (PICCS) or are exempt.

Korea inventory (KECI) : All ingredients are listed on the Korean Existing Chemicals List (ECL), have been registered, or are exempt.

China inventory (IECSC) : All ingredients are listed on the Chinese inventory (IECSC) or are exempt.

DSL/NDSL (Canada) : All ingredients are listed on the Canadian Domestic Substances List (DSL), have been registered on the Non-Domestic Substances List (NDSL), or are exempt.

EINECS (Europe) : All ingredients are listed on the European Inventory of Existing Commercial Substances (EINECS) list, have been registered on the European List of New Chemical Substances (ELINCS), or are exempt.

REACH Status : EU (REACH): All components of the toner formulation are registered, pre-registered or exempt under REACH. Pre-registered chemicals will be registered between 2011 and 2018.

16 . Other information

Date of issue : 08/01/2011.

Version : 1
